

Section 24A (4) Gaming Machine Act Special Club License condition 3 – reference to distribution of funds among community, sporting and recreational groups 2008-2009

Introduction

Club One is the holder of Special Club Licence 51500003.

The Licence has the authorization to:

“possess approved gaming machines and to operate them on premises in respect of which someone else holds a gaming machine licence as agent of the holder of the gaming machine licence in accordance with the Gaming Machines Act, 1992 and the conditions of the licence.”

Among the conditions is the following:

“The licence is subject to the following conditions imposed by section 24A(4) of the Gaming Machines Act, 1992:

3. A condition requiring the holder of the licence to provide a report to the Minister, no later than 30 September in each year, on the conduct of its financial affairs during the financial year ending on the previous 30 June, including reference to distribution of funds among community, sporting and recreational groups”

The distribution of funds among community, sporting and recreational groups.

a. Direct:

Club One distributes funds directly by way of two sponsorship programs.

1. The small sponsorships grants – managed by the Board through the Executive Officer, determined monthly, up to \$500 per application, annual budget 2008 -2009 was \$ 18,000.
2. The large project sponsorships – determined twice yearly but only one round for the 2008-2009 year, managed under contract by Sport SA and Clubs SA, initial annual budget 2008 -2009 was \$60,000.

Total direct distribution 2008 -2009 = \$78,000 plus GST.

Section 24A (4) Gaming Machine Act Special Club License condition 3 – reference to distribution of funds among community, sporting and recreational groups 2008-2009

b. Indirect – return from vesting

Club One enters into an arrangement with some Clubs when it purchases Gaming Machine Entitlements (GME) termed vesting.

Vesting is a permanent arrangement whereby Club One pays an annual fee to the Club in return for the GME.

The intent of vesting is to provide permanent and better return to a Club than the return they could get from investing the proceeds of the sale of a GME.

Presently Club One has 88 GMEs subject to such arrangements. During 2009 financial year Club One made vesting payments of \$342,955.

As Club One raises this money annually to meet this cost, Club One is contributing all the payment to the industry.

Total Direct and Indirect distribution 2008 -2009 = \$420,955 (\$342,955 + \$78,000)
