**Section 24A (4) Gaming Machine Act Special Club License condition**  
**3 – reference to distribution of funds among community, sporting**  
**and recreational groups**

---

**Introduction**

Club One is the holder of Special Club Licence 51500003.

The Licence has the authorization to:

*“possess approved gaming machines and to operate them on premises in respect of which someone else holds a gaming machine licence as agent of the holder of the gaming machine licence in accordance with the Gaming Machines Act, 1992 and the conditions of the licence.”*

Among the conditions is the following:

*“The licence is subject to the following conditions imposed by section 24A(4) of the Gaming Machines Act, 1992:*

*3. A condition requiring the holder of the licence to provide a report to the Minister, no later than 30 September in each year, on the conduct of its financial affairs during the financial year ending on the previous 30 June, including reference to distribution of funds among community, sporting and recreational groups”*

**The distribution of funds among community, sporting and recreational groups.**

a. Direct:

Club One distributes funds directly by way of two core sponsorship programs and an ancillary program.

1. The small sponsorships grants – managed by the Board through the Executive Officer, determined monthly, up to \$500 per application, annual budget 2011 -2012 was \$ 36,000.
2. The large project sponsorships – determined twice yearly for the 2011-2012 year, managed under contract by Sport SA and Clubs SA, the budget was \$196,000.
3. Public Relations support – managed through the Board and determined by request, the spending addresses support for signage and information for Clubs. The expenditure was \$6,000

Total direct distribution 2011 -2012 = \$238,000 plus GST.

#### b. Indirect – return from vesting

Club One enters into an arrangement with some Clubs when it purchases Gaming Machine Entitlements (GME) termed vesting.

Vesting is a permanent arrangement whereby Club One pays an annual fee to the Club in return for the GME.

The intent of vesting is to provide permanent and better return to a Club than the return they could get from investing the proceeds of the sale of a GME.

Presently Club One has 122 GMEs subject to such arrangements. During 2011-2012 financial year Club One made vesting payments of \$734,062.84

As Club One raises this money annually to meet this cost, Club One is contributing all the payment to the industry.

#### c. Indirect – payments to industry

Club One deliberately engages in the purchase of services from the industry sector, It rents premises from Clubs SA and utilizes Clubs SA clerical and distribution services.

Club One participates in all major events of Clubs SA and Sport SA (annual award nights etc) and pays for space within the circulars of the two bodies.

Club One also pays for those GMEs it has secured and placed within non Club venues. The principle being that if they were in Club venues, Clubs SA could raise it fee income. Further if Club One had not secured the GMEs, they would have been lost to clubs with the income and fees they would pay.

These various contributions amount to \$57,300

**Total Direct and Indirect distribution 2011 -2012 = \$ 1,029,374**
